PROFILE

Extremely motivated software developer with specialty in Front End Development looking to constantly develop my skills and grow professionally. I am confident in my ability to come up with creative solutions for technological problems.

EXPERIENCE

FRONT END DEVELOPER
HNG INTERNSHIP |

- Built Envato templates in collaboration with UI/UX designers bringing revenue to the company
- Accelerated project duration by using Github as a project management tool for the team
- Rebuilt web pages with increased speed by enforcing image optimization and the use of content distribution networks
- Recommended solutions for a more user-friendly interface to the design team

MOBILE WEB SPECIALIST
Google Africa Development Scholarship (GADS) | INTERN

- Motivated learning group to built projects based on each module covered leading to every one in team advancing to next learning phase
- Applied knowledge gained each week to projects which expedited my learning curve
